not only was e p wigner one of the most active creators of 20th century physics he was also always interested in expressing his opinion in philosophical political or sociological matters this volume of his collected works covers a wide selection of his essays about science and society about himself and his colleagues annotated by j mehra this volume will become an important source of reference for historians of science and it will be pleasant reading for every physicist interested in forming ideas in modern physics

what intelligent person has never pondered the meaning of life for yuval lurie this is more than a puzzling philosophical question it is a journey and in this book he takes readers on a search that ranges from ancient quests for the purpose of life to the ruminations of postmodern thinkers on meaning he shows that the question about the meaning of life expresses philosophical puzzlement regarding life in general as well as personal concern about one s own life in particular lurie traces the emergence of this question as a modern philosophical quandary riddled with shifts and turns that have arisen over the years in response to it tracking the meaning of life is written as a critical philosophical investigation stretching over several traditions such as analytic philosophy phenomenology and existentialism it maps out a journey that explores pivotal responses to this question drawing especially on the thought of tolstoy wittgenstein sartre and camus and exploring in depth the insights these thinkers offer regarding their own difficulties concerning the meaning of life in the book s four sections lurie discusses tolstoy s challenge to experience the religious and transcendental meaning of life by choosing a simple hardworking existence wittgenstein s focus on ethics and discovering the sense of the world his conclusion that the question of the meaning of life makes no sense and his turning to experience the mystical aspect of the world sartre s positing of freedom as the basis of human life stipulating a personal answer to the question of the meaning of life and camus view of the absurdity of life unalleviated by any personal meaning guided by these views lurie imparts new insight to ideas that underlie our concern with life s meaning such as the difference between attitudes toward life and beliefs and opinions about life the meaning of words versus the meaning of events shared meanings versus personal meanings and the link between ethics and personal identity tracking the meaning of life is no mere dry philosophical study but a journey that dramatically illustrates the poignancy of the quest for meaning showing that along the way it gradually becomes more obvious how personal meaning may be found in the pulsations of everyday life the book offers stimulating reading not only for scholars in philosophy but also for general readers who wish to see how their personal concerns are echoed in modern philosophical thought more

than a description of a journey it is a map to anxieties and puzzlements we all face pointing to ideas that can guide readers on their own search for meaning
